Why Home Improvement Guide? ..............

Advertising That Really Works!

Why are our magazines successful?
The concept is easy... direct marketing, broad distribution, high circulation and multi-media coverage, with virtually no waste!

Direct Marketing
Our name Home Improvement Guide says it all. If you are planning to renovate and need a plumber, a carpenter, an electrician, or anything else regarding improving your home, pick up a copy and find resources to help you. We offer the reader a free publication filled with home improvement information, ideas, special promotions and savings.

Broad Distribution
We have contracts with rack rental programs in high traffic locations like supermarkets, drug stores, convenience stores and retail chains. By distributing our magazines in popular locations, only those who are interested in reading the magazine pick it up...and use it! Unlike direct mail, which has a high waste factor, this assures you of interested readers.

Expanded Coverage
Our coverage is unrivaled. Unlike most other magazines, our publication covers counties, not towns. Our expanded coverage benefits both advertisers and readers. Advertisers reach a broader customer base and readers have more choices. Home Improvement Guide has 9 editions distributed throughout New Jersey, Pennsylvania and New York.
